***Remember to wait to enjoy recipes that contain fruit until you're not in Cycle 2 of the Sugar Impact Diet.**

After trying, I lost 10 pounds in 2 weeks and have more energy than I have had in a very long time. I don't have the congestion in my head and the bloated feeling I get after having dairy. And the sugar cravings are gone! Thanks to JJ for sharing her knowledge with all of us!

CREATING YOUR SMOOTHIE

Whether you call it a smoothie or shake, the key to a healthy meal replacement drink is clean, lean protein, healthy fats, and plenty of fiber.

Remember to avoid anything artificial or high-sugar impact. That means no sweeteners like sugar, honey, agave, or maple syrup, and no fruits that are high in fructose. Aim for 4-5 grams of sugar per smoothie.

HERE'S SOME TIPS TO HELP YOU CREATE THE IDEAL SMOOTHIE OR SHAKE:

1. ADD PROTEIN FOR POWER Ever had a sugar crash soon after your morning smoothie? That's because it didn't contain enough protein! Every shake should contain 20-25 grams of protein for sustained energy.

Helpful tips for protein sources:

- **Look for a complete protein profile in your vegan protein.** (That means it contains all nine essential amino acids.) Preferred sources are pea, chia, chlorella, or brown rice.
- **If you prefer a Paleo protein source, look for defatted beef protein with branched-chain amino acids.** Be sure the cows are grass-fed, hormone-free, and never given GMO feed.
- **Avoid soy, egg, or dairy (including whey) protein powders.** They cause inflammation that can cause skin breakouts, headaches, joint pain, fatigue, and even weight gain.

2. ADD FIBER TO STAY FULL If your stomach is growling soon after your morning shake, you missed the fiber! Fiber helps you feel full and burn fat, not to mention manage your blood glucose and cholesterol levels. Help prevent heart disease and type 2 diabetes by adding fiber to your shake.

Some great choices:

- freshly ground flaxseed
- chia seed
- avocado
- Jj Virgin Extra Fiber
- berries
- leafy greens

3. ADD HEALTHY FAT TO STAY LEAN In order to burn fat, you have to eat fat! Despite what 1980s nutrition gurus would have you believe, eating low-fat/no-fat tells your body to hang on to the fat you already have, especially around your middle.

Healthy Fat Sources include:

- coconut oil or coconut butter
- nut or seed butters (never peanut butter)
- avocado
- unsweetened coconut, almond, or cashew milk
- full-fat Greek yogurt (if not dairy intolerant)

THOSE 3 STEPS WILL GUARANTEE A SHAKE OR SMOOTHIE THAT GIVES YOUR BODY EXACTLY WHAT YOU NEED TO LOOK AND FEEL YOUR BEST!

SHORTCUT TO THE PERFECT SHAKE

1 Select your protein.

2 Add your fiber.

5 Add liquid, ice, and blend!

3 Add your fruit and veggies.

6 Pour into the bowl.

7 Top with additional fresh fruit and veggies.

4 Add your healthy fats.

8 Top with crunch and texture.

CHOICES FOR FIBER:

- Avocado
- Flaxseed
- Chia Seeds
- Leafy Greens
- Extra Fiber

CHOICES FOR FRUIT AND VEGGIES:

- Blueberries
- Raspberries
- Strawberries
- Peaches
- Spinach
- Kale
- Chard
- Pumpkin
- Butternut Squash

CHOICES FOR FAT:

- Coconut Oil
- Almond Butter
- Cashew Butter
- Full-fat Greek Yogurt
- Avocado

CHOICES FOR LIQUID:

- unsweetened almond milk
- unsweetened coconut milk
- unsweetened cashew milk

CHOICES FOR CRUNCH AND TEXTURE:

- sliced almonds
- chopped walnuts
- cashew
- unsweetened coconut
- crisped quinoa

Brandy's Journey: A Success Story

*From JJ Virgin & Associates
Director of Customer Experience,
Brandy Burke*

My 35-pound weight loss journey is a long one – not because I didn't have the tools and products I needed, but because it took me a while to realize that I was worth the effort it would take to get myself back to good health.

Having heart failure, Hashimoto's disease, and other autoimmune illnesses left me feeling exhausted and pretty hopeless. Honestly, I used my health issues as an excuse for the extra weight I was carrying.

As the Director of Customer Experience, I speak with so many of our customers who share their success stories with me daily – I would listen to those stories and celebrate for them, but inside, I still never thought anything would work for me.

I'm happy to say that I found my motivation over the summer of 2015, and I've gone from **163.5 lbs to 128.0 lbs** by following [The Virgin Diet](#) and drinking a protein shake every day. The weight loss is great, but the best part is that I actually FEEL really good. I'm sleeping better, my bones and muscles don't ache, I have more energy than I've had in years, and my hair isn't coming out in clumps!

I use JJ's Vanilla Plant-Based Shake daily because I love that it's so versatile. I also add the Leaky Gut Powder because I've always had digestive issues (bloating, irregularity, embarrassing stomach noises, etc). I just mix it in with my shake and forget about it.

Experiencing those symptoms and knowing I have food sensitivities, immune system issues, and a lot of medication consumption, using Leaky Gut Support seemed like a no-brainer. After only a couple of weeks of use, I saw positive results.

I realize now that this is a lifestyle change – that if I want to FEEL good and LOOK good, I have to treat my body well, and I'm worth the effort that it takes to do so.

WHAT MAKES JJ VIRGIN ALL-IN-ONE PROTEIN SHAKES DIFFERENT?

CLEAN, COMPLETE PROTEIN

JJ Virgin All-In-One Protein Shakes are formulated naturally using responsibly sourced, hormone- and GMO-free ingredients. In the Paleo-Inspired shakes, that means you get easily digestible beef protein peptides with the power of bone broth. In the Plant-Based shakes, we use low-allergenicity vegan proteins including pea, chia, and chlorella that have all 9 essential amino acids.

LOW SUGAR IMPACT*

Fast food breakfast platters average 32-48 grams of sugar, and America's favorite at-home breakfast options don't fare much better! Popular breakfast cereals average 13 grams of sugar per serving. (And let's be honest, who only eats 3/4 of a cup of cereal for breakfast?) Meanwhile, a seemingly innocent meal of eggs, whole wheat toast with jam, and a glass of OJ will add 35 grams of sugar to your daily total. *JJ Virgin All-In-One Protein Shakes? Just 1 gram or less of sugar per serving.*

ANTI-INFLAMMATORY INGREDIENTS

JJ Virgin All-In-One Protein Shakes never include the foods most likely to cause intolerances. No dairy, soy or corn proteins, gluten, grains, eggs, or artificial sweeteners. That means you won't suffer from symptoms like gut discomfort, skin break-outs, joint pain, headaches, and even weight gain that other protein shakes can cause.

THIRD-PARTY QUALITY TESTING

When it comes to the promise of superior quality, you don't have to take our word for it! Like all JJ Virgin products, JJ Virgin All-In-One Protein Shakes are third-party tested for quality and efficacy before they're ever made available to our community. *By paying for outside quality control testing, we assure you receive an exceptional product every time.*

SCIENCE-BASED FORMULAS

Because we understand the science behind burning fat and building muscle, JJ Virgin All-In-One Protein Shakes also include fiber, healthy fats, vitamins, and minerals. The complete protein in Paleo-Inspired Shakes is boosted with BCAAs (branched-chain amino acids) to support skin and connective tissue. Plant-Based Shakes contain 9 whole-food fruits and vegetables, plus prebiotics and probiotics.

*Sugar impact comparisons made using McDonalds Big Breakfast (48g sugar); Burger King Ultimate Breakfast Platter (32g sugar); Raisin Bran with milk (19g sugar); Frosted Mini-Wheats with milk (11g sugar); Honey Nut Cheerios with milk (9g sugar); 2 eggs, 2 pieces of Sara Lee honey whole wheat toast with Smuckers strawberry jam, 8 oz. Minute Maid orange juice (35g sugar)

I have not found a better shake than JJ's Paleo-Inspired All-In-One Shake. It makes me feel satisfied and fantastic, while also making me feel like I'm having a decadent dessert. If I need to eat something but need to leave the house fast, I blend up a drink and go. I found this shake after becoming casein intolerant. I decided to refuse to miss out on healthy-yet-creamy things just because I could no longer eat dairy. The texture and flavor of the shakes are perfect. I love them because they make me FEEL good. Thank you, JJ! - Erin D.

JJ'S POST-WORKOUT RECOVERY SHAKE

WITHIN AN HOUR OF EXERCISE, YOU NEED A MEAL WITH 20-25 GRAMS OF PROTEIN AND ABOUT 25 GRAMS OF CARBS. THIS IS THE ONLY TIME I RECOMMEND EATING LOW-FIBER AND LOW-FAT, AS YOU WANT YOUR BODY TO BE ABLE TO RAPIDLY ABSORB THESE MACRONUTRIENTS. SINCE FAT AND FIBER SLOW THAT ABSORPTION DOWN, SKIP THEM IN YOUR POST-WORKOUT MEAL.

MAKES 1 SERVING

INGREDIENTS

- **2 scoops** [JJ Virgin Paleo-Inspired All-In-One Protein Shake powder \(your choice of flavor\)](#)
- **8 oz.** organic unsweetened rice milk
- **1 tsp** [L-glutamine Powder](#)
- **1/2 cup** fresh greens (chard, kale, baby spinach, or mixed supergreens)
- **4-5** ice cubes

Blend the ingredients together until smooth. Ramp up the blender speed slowly to keep it creamy, as Paleo shakes can get foamy if blended too fast or too long.

Your shake can be thickened by adding more ice cubes or thinned by adding cold water.
